UV DTF Printer　Sticker+Gold foil all in one

FY-A3701F

L2256mm×W1095mm×H1597mm

Stable,compact and economical Printing, tearing and laminating can be completed in one go!

Specifications

Model		**FY-A3701**
Printhead		EPSON i3200-U1（4pcs）
Print width		≤600mm
Color		Glue+Gold Varnish+Varnish+White+CMYK
Print Speed *	8PASS	5m²/h
Applicable Media		UV dtf ab film

Note: There may difference in parameters due to various reasons, please refer to the real printing.

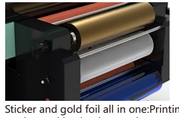
Features

EPSON-i3200:Original Print Heads High density and long life

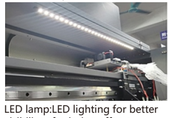
Key panel:Intelligent pamel display and control

Intelligent winding:Dual power intelligent winding system for more neat winding

Deodorization device:Remove odors and harmful gases



Sticker and gold foil all in one:Printing, tearing and laminating can be completed in one go!



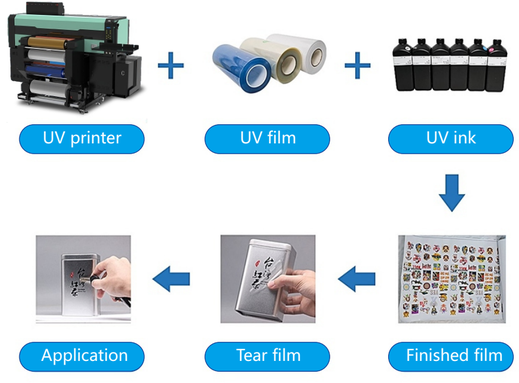
LED lamp:LED lighting for better visibility of printing effects

Hoson card:High density,long lifespan

Anti-collision system:Prevent print head collisions and better protect print heads

Waste ink alarm:Alarm triggered when thewaste ink is full of ink

INFINITI 神欣　CHALLENGER



Technical Parameters

Ink supply system:	1L ink bottle+white ink circulation+stirring
Rip:	Devstudio/Flexi
Ink dring:	Water colling(water circulation)
Platform suction:	Adjustable
Print Interface:	Network interface
Winding function:	Automatic inductive winding
Temperature and humidity:	15-30℃　35-65%
Electrical parameters:	220V 1900W 8.6A
